Our CSA offers summertime favorites of our farm. We usually have 8-14 different vegetables per box. We try to have sweet corn (4-6 ears half share, 8-12 ear's full share), broccoli, peppers, tomatoes, cucumbers, zucchini, summer squash, and cherry tomatoes in every box as the season progresses and rotate other vegetables for variety. Our greens consist of kale which will be offered as a free choice during pickup, but not included in the box. The farm also offers eggs, poultry, and beef upon request and availability.
